

Introducing Dr. Jerry Bergman

Origins Creation Research would like to introduce you to our programs. We present PowerPoint presentations on 67 different topics to church audiences from 20 to 20 thousand. Our focus is on small churches We do not have a paid staff to support or multimillion budgets. All of our support are volunteers and all we require is reimbursement for travel and arrangements for lodging. An honorarium is very appreciated but not required.

About the Main Speaker

Dr. Bergman is a multi-award winning teacher and author. His over 1,900 publications are in both scholarly and popular science journals. Dr. Bergman's work has been translated into 14 languages including French, German, Italian, Spanish, Danish, Polish, Czech, Chinese, Portuguese, Arabic and Swedish. His books, and books that include chapters that he authored, are in over 2,500 college libraries in 65 countries. So far over 80,000 copies of the 60 books and monographs that he has authored or co-authored are in print. Bergman has spoken over 2,000 times to college, university and church groups in America, Canada, Europe, the South Sea Islands, and Africa. His Past experience includes speaker and researcher for The Institute for Creation Research. Bergman's popular illustrated PowerPoint lectures are as follows.

1. **Evolution: The First Link is a Missing Link.** Documents that the lethal problems with abiogenesis has been well-documented by scientific research.
2. **Monkey to Man evolution a myth.** Genetic and other research has proven that an impassible chasm exists between humans and our putative closest ancestors. Scriptures Wherefore, as by one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned (KJV):
3. **Let the Animals Speak about Creation.** Using several examples to document the fact that so-called missing links are everywhere, most life forms appear in the fossil record fully formed, and no documented precursors exist.
4. **Simple Short Proof that Nothing to Everything Evolution Could Not, and Did Not, Occur.** Documents that science has established the fact that evolution, as defined above, did not occur.
5. **Hitler's Darwinian Worldview: How Darwinism was the major fuel of the Holocaust.** The historical account, based on thousands of records, has documented the main motivation for the Holocaust was an effort to produce, and ensure, the continuation of a superior race based on Darwinism.
6. **Genetic Variations & Natural Selection: Biblical vs. Evolutionary Views.** Documents the fact that the effects of natural selection can only reduce genetic deterioration, not the progressive simple to more complex evolution as is often claimed.
7. **The Dark Side of Darwin.** Documents the fact that Darwin's motivation for the development of his theory of evolution was to destroy the major reason people have for believing in God, namely the existence

of the creation. In his words, it was like committing a murder.

8. Darwinism is the Doorway to Atheism. Documents by logic and case histories the fact that a major reason people become atheists is a result of accepting Darwinism, defined as evolution from, as one textbook is titles, from molecules to man.

- 9. Proof of Adam, the first man. Documents “**if there was no Adam, there was no fall; and if there was no fall, there was no hell; and if there was no hell, there was no need of Jesus as the Second Adam** and Incarnate Savior, crucified and risen. **As a result, the whole biblical system of salvation collapses.**” (Mattill, A. J., Jr., “Three Cheers for the Creationists,” *Free Inquiry*, vol. 2. Spring 1982)

11. **The Problem of Time.** A major stumbling block to accepting the creation worldview is the long-age worldview, which shows one solution to the problem of reconciling Genesis with the claimed long ages postulated by scientists today.

12. **The Progression Icon Demolished.** One of the most common evolution icons is the progression from a low-level animal to man shown as a series of steps from a mouse to modern man. This icon is a myth, unsupported by scientific fact.

13. **The Fossil Record Shows Stasis.** Documents the fact that most all life forms appear in the fossil record without precursors, and then change very little over time.

- 14. **The Neanderthals: An evolutionary link or our brothers?** A history of the Neanderthal claims as our primitive pre-human forbearers shows they are fully human and not primitive evolutionary ancestors. The history of Neanderthal from an ape man missing link in human evolution to just another people group is documented in detail using color photographs.

15. **The Best Evidence against Darwinism.** A brief review of the ten best reasons to reject Darwinism, including vestigial organs, the fossil record, the problem of the origin of new genetic information, the problems of cell origins, the poor design claim and more.

16. **Creation in Six Days.** Shows that a creation ex-nihilo worldview (**Gen. 1:1**) demands the appearance of age due to design. For example, the Garden of Eden had newly created fruit on trees that appeared to be decades old. But was only weeks old when Eve picked it from the fruit trees. The same is true for the earth, the solar system and the universe

17. **Irreducible Complexity Proven.** Irreducibly Complexity is a basic observation of reality by definition, and the arguments against this observation are shown to be invalid and actually non-logical.

18. **Persuaded by the Evidence.** Case histories of well-educated as well as well-known scientists who rejected evolution and converted to creation. Covers the reasons why they rejected Darwinism.

21. **The Problem of Faith and Science.** Argues that many science theories are based more on faith than fact, such as the theory that the origin of new genes is new mutations.

22. **Vestigial Organs; from 100 to none.** Shows that one of the major arguments for Darwinism has been falsified by modern medical research.

26. **Mutations Prove Evolution Going the Wrong Way.** Documents the fact that 99 percent of all mutations are either near neutral or deleterious, thus causing genetic deterioration and eventually mutational meltdown.

27. **Why Mutations result in Degradation of the Genome.** Shows how and why mutations are causing deterioration of the genome and the implications of this for life and will eventually cause genetic catastrophe and extinction.

31. **Darwin’s Blunders, Frauds and Forgeries.** Discusses the most well-documented examples including the discovery of the first life form *Bathysiphon* that turned out to be a chemical precipitate, Piltdown man,

Java Man, Ancon Sheep Blunder, the Peacock Blunder, the Forehead method of detecting Inferior Races, Hesperopithecus (the human fossil that turned out to be a pigs tooth), and others.

32. **From Atheist to Creationist.** My testimony as a Christian.

33. **The Poor Design of the Human Body Refuted.** Documents the fact that claims of poor design are false or misleading.

36. **C. S. Lewis: Anti-Darwinist: A Careful Examination of the Development of His Views on Darwinism.** Documents that, although it is often assumed that Lewis was a theistic evolutionist, in fact he was strongly opposed to Darwinism and was very effective in explaining in detail why. He also detailed the fact that scientism represented a threat to society. I now have two books based in this topic.

37. **Bacteria: a Curse or a Blessing?** Covers the functions of both bacteria and viruses, showing that they are a critical part of our ecosystem, and pathogenicity is very rare and the reasons for this problem are explained in the talk. Based on my new book.

38. **How Darwinism Corrodes Morality.** Covers the influence of Darwinism on abortion, the sexual revolution, abortion, Kinsey, Margaret Sanger, Nietzsche, and other Darwinists.

40. **The Moon is Necessary for Life.** Documents that the Moon is required for life to live on earth.

41. **Evolution Justifies Abortion.** Documents why evolution was critical in the U. S. Supreme Court's Roe v. Wade decision ruling that a woman had a constitutional right to abortion, nullifying all existing laws prohibiting abortion. If the court were rule on the same issue today, they would likely come to a very different conclusion.

42. **Why some Churches grow, Others are Hemorrhaging.** Reviews the results of almost 50 years researching this question. Also covers why church growth is important.

43. **Was Evolution Created to Murder God?** Covers Darwin's motivation to create Evolution was, in his words to murder God and the tragic results.

44. **Eisenhower's Faith Critical in his Life and Presidency.** As the Supreme Allied Commander in the fight against the Nazis, General Dwight Eisenhower was one of the most important leaders of the last century. Today he is considered one of the most respected US presidents, but the critical role that his religious beliefs played in his life and work is widely ignored. Documents that WWII was a war between creation and evolution and creation prevailed.

45. **The Transsexual Movement. Unscriptural, Dangerous: The Science and Medical Response.** Covers the over half century of research of transsexual experience and the tragic outcome. Looks at long the term use of hormones and surgery to "convert" a person to another sex. Johns Hopkins University did transsexual surgery for several decades and stopped due to the very poor long term outcome of the surgery. Most people who did not have the surgery adjusted fairly well by counseling. Many of those who had the surgery ended up adjusting poorly. Suicide is a major problem. Thus those who claim they are in the wrong body need a therapist, not surgery.

46. **The Star of Bethlehem, Real or Myth?** A well-illustrated presentation on the astronomical evidence for the star of Bethlehem

47. **How Snowflakes Prove the Scriptures.** Snowflake design was documented only around 1900, confirming the scriptures

48. **Why Did God Create Viruses?** Documents the critical role of viruses in creation and all life. Shows viruses have an important, but often unappreciated, place in God's creation. They are very well-designed to fulfill this role. Several examples are documented.

49. **Medicine, Homosexuality and the Scriptures.** The cause and effect of homosexual behavior from scientific research and the Scriptures.

50. To Create Man, God first Had to Create a Universe. A well-illustrated presentation on the creation of the universe showing it was specifically designed for human life and, as far as known, Earth is the only place life can exist..

51. Apes as Ancestors Debunked. Apes as Ancestors Debunked. A power point presentation based on the only book ever published by a creationist that carefully in detail examines the fossil and other evidence for the popular belief that Apes are our ancestors. This conclusion documents from the peer reviewed paleontological literature that this belief has been disproven by scientists in my 360 page 8.5 X 11 inch book supported by several thousand references.

52. Dogs, The Perfect Companion. Dogs tell us much about the unconditional love of Christ and his foresight in creation. Our Lord realized men needed a companion, so created women as a perfect companion for men. So too, He created the perfect companion for both men and women, one who, as Christ did, displayed unconditional love for us.

53. Darwin Demolished: Why evolution is unequivocally Impossible. Settled science documents the main pillars of evolution have been demolished. The question why evolution is widely believed when it goes against settled science is answered. The presentation is documented by 50 stunning illustrations.

54. The Bible is the Solution. Shows most problems in history would never have occurred if Christ was followed was followed

55. None of these diseases. Bible teaching on health (Ex.15:26), showing that many major health problems common today would not exist, or would be far less dangerous, if the Bible's instruction were followed. Scriptures that offer guidance include Deuteronomy 12:28, Leviticus 17:11; Acts 7:22; Deuteronomy 23:13; Psalm 51:7; Numbers 5:2-3; Leviticus 13; Numbers 19:6, Genesis 17:12, Luke 16: 20 and 29 more.

56. Astronomical Evidence for a young Earth. An Evaluation of the astronomical evidence against a billions year old Universe.

57. Darwin misses up Just About everything. Covers the now embarrassing fruits of Darwinism including the use of X-Rays to cause mutations to speed-up evolution, Frontal Lobotomy, phrenology and other harmful ideas.

58. The Fruits of Darwinism in the 20th Century. Covers Darwinian influence in the Vietnam war, the Pol Pot Massacre, the Rwandan Genocide (between April and July 1994, nearly one million ethnic Tutsi and moderate Hutu were killed), and the Cambodian Holocaust.

59. The Heavens declare the glory of God. This presentation covers the beauty of the heavens, showing we are without excuse to accept the creator. It also documents that secular theories of the origins of the moon, the solar system and the stars and galaxies are seriously flawed. I also show that the secular long age ideas are also problematic.

60. The Earth was created to be inhabited. Shows that of all of the 8 planets and 100 plus moons in our solar system, only earth can support life; and of the 500 known planets in the universe only the earth can sustain life.

61 The Three Pillars of Evolution Demolished. Documents the Three Major Pillars of Darwinism have been Demolished, abiogenesis (the origin of life itself from non-life) mutations as the ultimate source of all genetic variety, and natural selection, which culls that variety to produce all life on Earth.

62 The Last Pillars of Evolution Demolished. Documents the minor support for Darwinism have also been disproved. The last pillars are convergent evolution, homology, endosymbiosis, and the antibiotic resistance claim for evolution. Also shows attempts to refute the irreducible complexity problem have failed and, likewise, co-option cannot explain the evolution of complex features seen in the natural world.

In short, an objective review of the published peer-reviewed evidence in secular scientific journals has falsified Darwinian evolution.

63. The Other Side of the Scopes Trial The enormous amount of literature on the Scopes Trial focuses on the religious elements of the trial. It almost totally ignored the importance of racism as taught in the text that Scopes used to teach biology. Bryan was concerned specifically about human evolution because Darwin's theory, encouraged oppression of certain oppressed groups. The main fossil evidence cited Covers the trial of the century, telling the real story of the sham brought on by the ACLU to further their political and anti-Christian goals.

64. Human Evolution Demolished. Documents the fact that the evolution of apes into humans has been fully disproved. The theory proposes that evolution of apes into humans occurred because mutations provided the variety required for natural selection to select the mutations that will result in humans fails because the vast majority of mutations are deleterious. 1 Corinthians 15:21-28: since the first man, Adam, sinned thus death, the punishment for sin was upon all mankind. 22 For as from Adam all die, in Christ all shall all be made alive. Christ paid the penalty of original sin. Christians who regard the creation stories as myths or allegories are undermining the rest of Scripture. As one atheist wrote

65. Pulling down strongholds: We are in a spiritual battle with many strongholds in our culture today, Darwinism (Evolution) is one of the main strong holds; it stands against Creation as taught in the Bible. We are commanded to demolish strongholds (**2 Cor. 10:4-5.**) We show that Evolution is a stronghold (“another gospel”) that can be demolished using both Scripture and science. The tenets of Evolution have been scientifically disproved, showing that those who reject Scripture are without excuse (**Rom. 1:20**). Logic and case histories show that the major reason people become atheists is the result of accepting Darwinism.

66. The Bible and Cults. Covers the major cults today including the Mormons, Scientology, Jehovah's Witnesses, Christian Science, and others and why they are not Biblical.

67. The Sun. A Very Special Star. Show why our very own sun is very different from all other stars.

Endorsements

Dr. Bergman is an excellent speaker and has in depth knowledge of the creation - evolution debate. It was a joy to have him in South Africa and really a blessing to those who listened to his talks. As the keynote creation conference speaker, he was outstanding and we will definitely consider inviting him back in the future. I highly commend him to the church as a whole, home groups as well as large conference meetings.

Dr. Bouke Bokma (B.D.S. Wits University) Director, Seladino Ministries.

Thank you for the EXCELLENT INTERVIEW! The listener response has been very good. Would love to have you on again. Bob and Geri Boyd Host and Producers of Issues in Education. **Bob Boyd President National Association of Christian Educators.**

I have had the privilege of having Jerry in my congregation for a period of time and have had him speak and present on a number of topics numerous times. There are many things I can cite that speak to his professionalism, ability to communicate and knowledge that accents his ability to speak with conviction and authority. Examples include his authorship of credible and well-researched articles/journals/books. His ethics, values and morals are a testimony to who he is and what he believes.

Rev. Stephen E. Smith, Senior Pastor, Lake View Church (United Brethren In Christ), Camden, MI

Dr. Bergman has on several past occasions addressed the Fellowship, and his presentations have been accurate, fully documented and important to our mission of reaching the public. His knowledge and expertise is unsurpassed in the life sciences and medical research fields, as witnessed by over 1,800 publications. His books also give us an historical view of the deleterious impact of evolutionary philosophies (falsely believed to be sciences) upon our culture and the link between

Darwinism and evil regimes that were responsible for millions of people being annihilated. We recommend Dr. Bergman without reservation. **Rocky Mountain Creation Fellowship Board of Directors.**
